

# Teachers: **Nominate** the Black Executives of Tomorrow.

BP College Advisory is committed to helping high school Black scholars find their perfect match academically and financially to achieve success in college and beyond. Through partnerships with some of the country's most generous companies, scholars in your classroom can now receive scholarships for the mentorship they need. Teachers, we are asking you to nominate the scholars of your classroom who are ready to achieve collegiate excellence.

## BP College Advisory

Experts argue that high school counselors too often overlook the needs of Black students. With proper mentorship, we believe that Black scholars not only find the financial resources they are entitled to pay for their college decisions, but they are also able to find purpose and direction amid the most significant intersection of their lives.

## The 5 Core-Steps of BP College Advisory

- 1. Discovery:** Including our proprietary Conative Assessments and teachings to ensure scholars' understanding of themselves and their unique abilities.
- 2. Strategies:** Scholars are presented with individually-matched options for career focus, college majors, and university menus.
- 3. Solutions:** Coach and Scholars working together to create application solutions to gain admission.
- 4. Plan Launch:** Once admissions decisions come back, scholars and their coaches examine all of their options to arrive at the right-fit decision.
- 5. Black Progress Finance Connoisseur [BPFC]:** Financial Aid and Scholarship strategies and implementation, including all form filling and scholarship appeals.

BP College Advisory scholars are assigned a coach to work through our proprietary process to support their collegiate success and mentor them during this transitional time.

## Scholar Credentials

### 1. A Consistent Display of Academic Achievement.

Scholars display a consistent grade point average of 3.0 [80 or above], throughout their report cards and within your classroom.

### 2. Leadership and Excellence Potential.

BP College Advisory is designed to help cater and grow tomorrow's executives. If scholars in your classroom exemplify leadership characteristics, they could be a wonderful nomination.

## Sponsorship Costs

Our generous partners provide each nominated scholar with a scholarship for the **\$7,500 Signature Program** designed to give any scholar the confidence and conviction to find the right fit college. Through our proprietary process, scholars are mentored through the admissions and financial aid processes and navigate the first steps of the rest of their lives.

Partners also provide scholarships for the **\$10,000 Advanced Program** designed for scholars who will settle for no less than Tier-1 and Ivy League universities in many cases. After passing the academic criteria, this intensive program empowers scholars with more frequent meetings and a tailored game plan to tackle the challenging world of top-tier college admissions.

**Confirm sponsorship by July 1, 2023, for high school scholars entering their Sophomore or Junior year to allow them to begin their BP College Advisory on September 1, 2023.**
